

Resolve Internet Explorer 11 issue of receiving blank screens after clicking the blue navigation toolbar and receiving the message "Content cannot be displayed".

FIX : Add Domains to IE privacy settings

Domains: wvmmis.com and sso-wv-prod.slhcare.com

1. Open the Internet Explorer 11 web browser
2. Hit the **Alt** key on your keyboard.
3. From the menu-bar, select **Tools**.
4. Select **Internet Options** from the menu bar.
5. Click on the **Privacy** tab, then click on the **Sites** button.
6. In the **Address of website** text field, type in the name of the website that's triggering the error.
7. Click on **Allow**, then click **Ok**.
